

# ENGLISH / B.MALAYSIA ( next page )

## Step by Step

1. Install **telegram** in **Pc / Laptop**

Link below ( Ctrl + Click )

➤ <https://telegram.org/dl/desktop/win64>

2. Game will be sent in Win Rar format so u need to do extraction
3. If u don't have Win Rar software , click this link ( Ctrl + Click ) to download

➤ <https://www.win-rar.com/postdownload.html?&L=0>

4. Update yr Win Rar Software to avoid error during extraction  
( For whom already have Win Rar only )

5. **Download 1 by 1** to avoid incomplete download

Click the game files to downlod ( **all must download** )

6. Click this **icon** to open **my pc** and go to **downloads**

7. Now doing extraction

**Right click at part 1** ( game file ) then **click extract here**

**Extract part 1 only other part auto follow**

Extraction running.....Finish

( some will take longer depends on processor speed )

8. After extraction done , open downloads

Then u will see a **new game file** in downloads

Open , **click Setup**

Click **English** , click **next** , **Installing.....**

Finish installing. Go to desktop , **right click at game icon**

**click run as admin.**

Can play 😊

## B.MALAYSIA

Cara 1 per 1

1. Install **telegram dalam Pc / Laptop / Computer**

Link bawah ( Ctrl + Click )

➤ <https://telegram.org/dl/desktop/win64>

2. Game akan dibagi dalam format Win Rar , untuk buat extraction

3. Kalau tak ada software Win Rar , click link ( **Ctrl + Click** ) ini untuk download

➤ <https://www.win-rar.com/postdownload.html?&L=0>

4. **Update** software Win Rar untuk elak masalah bila extraction  
( **Yang dah ada Win Rar sahaja** )

5. **Download 1 per 1** to untuk elak download tergendala

**Tekan game files** untuk downlod ( **Semua kena download** )

6. Click **ikon** ini untuk buka **my pc** , cari **downloads** dan buka

7. Sekarang buat extraction

**Tekan kanan pada part 1** ( game file ) nanti **tekan extract here**

**Extract part 1 sahaja , part lain ikut secara automatik**

Extraction berlaku.....dah habis

( akan ambik masa lama sikit ikut kelajuan pc masing2)

8. Selapas extraction habis , **buka downloads**

Akan ada **game file baru** di downloads

Buka , **tekan Setup**

Pilih **English** , Tekan **next** , **Installing.....**

Selepas install habis. Pergi **desktop** , **Tekan kanan pada game icon**

**Tekan run as admin.**

Boleh main 😊
